SMA Solar Technology AG
Analyst / Investor Presentation
Quarterly Financial Report
January to September 2008
November 14, 2008
IMPORTANT LEGAL NOTICE

This presentation does not constitute or form part of, and should not be construed as, an offer or invitation to subscribe for, underwrite or otherwise acquire, any securities of SMA Solar Technology AG (the "Company") or any present or future subsidiary of the Company (together with the Company, the "SMA Group") nor should it or any part of it form the basis of, or be relied upon in connection with, any contract to purchase or subscribe for any securities in the Company or any member of the SMA Group or commitment whatsoever.

All information contained herein has been carefully prepared. Nevertheless, we do not guarantee its accuracy or completeness and nothing herein shall be construed to be a representation of such guarantee.

The information contained in this presentation is subject to amendment, revision and updating. Certain statements contained in this presentation may be statements of future expectations and other forward-looking statements that are based on the management's current views and assumptions and involve known and unknown risks and uncertainties. Actual results, performance or events may differ materially from those in such statements as a result of, among others, factors, changing business or other market conditions and the prospects for growth anticipated by the management of the Company. These and other factors could adversely affect the outcome and financial effects of the plans and events described herein. The Company does not undertake any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. You should not place undue reliance on forward-looking statements which speak only as of the date of this presentation.

This presentation is for information purposes only and may not be further distributed or passed on to any party which is not the addressee of this presentation. No part of this presentation must be copied, reproduced or cited by the addressees hereof other than for the purpose for which it has been provided to the addressee.

This document is not an offer of securities for sale in the United States of America. Securities may not be offered or sold in the United States of America absent registration or an exemption from registration under the U.S. Securities Act of 1933, as amended.
1. Highlights
Q3 a blow-out quarter

> Sales up by 140% to EUR 519m during first 9 months
> Strong international sales with 42% export quota
> Increased EBIT-margin to 25.4% during Q1 to Q3
> Rocket EPS with EUR 2.71
> Clean balance sheet without refinancing needs
> Expansion of production capacity on track
> Part of the TecDax since September 22, 2008

SMA raised full year sales target to EUR 650 - 690m and profitability target to 23 - 25% \(^{(1)}\)

\(^{(1)}\) Former target: EUR 580 - 640m; EBIT-margin c. 23%
SMA is rock solid

As a newcomer to the stock market the SMA stock performed well in a difficult market environment.

- Average daily trading volume: Jun 27 – Nov 10: 78,882 shares
- Beginning of financial crisis
- Increase of full year guidance

**SMA’s major shareholders have no intention to sell shares**
2. Equity Story
SMA – offering a comprehensive inverter product range and serving all market segments

All PV applications  All power ranges  All module types

On-grid  Off-grid  Back-up

From < 1 kW  To > 1 MW

Thin-Film module  Crystalline module  Concentrator module

Our positioning is key success factor for 2009
Every PV-system requires an inverter

SMA has technology-leading inverter for each solar application – world wide
SMA has direct exposure to the global PV-market

> 170 sales professionals to serve customers locally

> World wide service support with more than 180 service employees

▶ SMA aims to be the first mover in upcoming solar markets
Flexible business model to protect profit margin

> Interim solutions will be transferred to new production plant during Q1 2009

- SMA has a proven track record in adjusting production to market demand

> Flexibility through outsourcing, time accounts and temporary workers
Expansion of SMA’s production capacity on track

> “Topping-Out” ceremony on August 15, 2008
> CO\textsubscript{2} neutral inverter factory with 3-4 GW capacity
> Interim solutions will be transferred to new plant Q1 2009
  (no business interruption expected)

Further expansion of production in North America scheduled in 2010
New regulations in key markets in place

> Investment tax credit (ITC) to businesses and residential customers against the cost of a PV-installation

> US-Senate and House of Representatives extended ITC for another 8 years, removed cap of USD 2,000 for residential solar applications and allowed utilities to make use of ITC.

> New Royal Decreto has a cap of 500 MW for 2009 (460 MW 2010)

> Roof-top installations will play an important role in the future (2009: >50%)

The recent changes support the residential and commercial pv-market
4. Markets
SMA’s sales 2009 are directly linked to the solar market development

> All key markets have incentive programs in place that guarantee attractive returns

> SMA expects a strong growth in module supply for 2009

> At current, it is impossible to quantify the impact of the financial crisis

> However, SMA is best positioned to serve all markets, all power ranges and all module technologies

Due to our customer-friendly delivery time of c. 3 weeks our visibility is limited
The world PV-market will grow in 2009

| Total Sales (€m) | 178.8 | 423.5 | 33.2 | 97.8 | 18.4 | 17.8 | 52.2 | 113.4 |

- **Highlights**
  - Sunny Boy and Sunny Mini Central inverters are equally strong in sales
  - Germany accounts for 66% of sales during first 9 months
  - Top Sellers are Sunny Mini Central 7000HV and 8000TL as well as Sunny Boy 3300 and 5000TLNG
  - Spain accounts for 50% of sales during first 9 months
  - Sunny Central 100 and 500 were Top Sellers

Note: (1) Incl. internal sales.
EBIT margin increased to 25.4% during Q1 – Q3 2008

EBIT development (€m and as % of sales)

> Electronics Manufacturing acts as internal supplier for MPS- segment

Note: (1) In unconsolidated HGB financial statements extraordinary effects of €(9.7)m in 2007. Note that in IFRS there is no equivalent line item. For illustrative purposes only, if HGB extraordinary effects were added back to IFRS EBIT, such adjusted EBIT would amount to €69.0m in 2007 and EBIT margin would have been 21.1% in 2007. Q1-Q3 2007 and Q1-Q3 2008 adjustments would have been € 5.5 m (20.2 % EBIT-margin) and € 5.4 m (26.4%)
Scale effects are key driver for margin improvement
SMA has no refinancing needs

> Major balance sheet items

- CapEx of EUR 44.5m mainly for new production plant
- Cash is invested in money market funds
- Solid balance sheet
Net Working Capital under control despite strong growth

Net Working Capital\(^{(1)}\) (€m and as % of LTM\(^{(2)}\) sales)

- 2007: 59.4
- Q1 - Q3 2008: 106.8

<table>
<thead>
<tr>

</tbody>
</table>

Note:  
(1) Working capital defined as trade and other receivables, inventories, less trade payables.  
(2) LTM = last twelve months
6. Summary
Positioning is key for 2009

> Strong financials during first 9 months 2008
  > Increased sales to EUR 519m and EBIT-margin to 25.4% during Q1 – Q3 2008
  > Clean balance sheet without refinancing needs in coming years
  > Increased sales target for 2008 to EUR 650m – 690m and profitability target to 23 – 25%

> Optimistic outlook for 2009
  > Estimates for 2009 are very difficult and with a high degree of uncertainty
  > All key markets have attractive and sustainable incentive programs in place and thus guarantee stable returns
  > SMA expects a higher module availability in 2009
  > Due to customer-friendly delivery times limited visibility
SMA is best positioned for 2009

Technology leadership
Up to 6 new products per year

Flexibility
No significant margin impact within production capacity corridor (1:2)

Global sales and service
60% export in 2010

Low capital intensity and high profits
High EBIT Margin

All markets, all power ranges, all module technologies
SMA will maintain its market share in 2009
